

Has your Wife Cold Feet?

The W. & W. warm shoes and felt slippers are the proper preventive. COLD feet leads to a cold in the head, then the COLD drops on the lungs; that means COLD cash for doctor bill; and somebody goes down in the COLD. COLD ground, then you'll have cold feet. It's an awful experience, and \$1.25, \$1.50, \$1.75 or \$2.00 in warm slippers as preventive might mean a saving of many times that in cure. We have the goods and the prices are right at

CAR OF APPLES.—A carload of apples will arrive today over the S. F. & P. railroad.

CLUB DANCE.—A social dance was held by the members of the Maricopa club last evening at the club rooms.

CHINAMEN DISCHARGED.—Justice Gray yesterday discharged the three Chinamen who were tried Wednesday for cruelty to animals.

AN ARIZONA CLAIM.—Discovered, at the home of Mrs. C. J. Gross yesterday morning, a nine-pound nugget. She's all right, and so are her parents.

A TIDINGS SOCIAL.—A "tidings" social will be held in the Baptist church this evening. There will be a musical and literary programme, followed by the serving of light refreshments.

PTOMAIN POISONING.—The family of P. F. Noack, who reside on North Fourth street, was poisoned a few days ago by eating canned salmon. One little girl was very dangerously ill for a few hours, but all are now recovering.

WILL ARRIVE TODAY.—Mr. Arthur P. Davis, hydrographer of the United States geological survey, was expected to arrive on the train from the north this morning. His business, as has been previously announced, is to inaugurate the work of exploration for the various reservoir sites in this valley.

DEATH OF MRS. PRITT.—Mrs. J. H. Pritt, a sister of Mrs. Lizzie Coyle, died yesterday in El Paso, Texas. The remains will arrive here Saturday morning for interment. Mrs. Pritt was raised in this valley and had a wide acquaintance, including many friends, who will be grieved to learn of her death. Funeral arrangements are not yet completed.

UNLAWFUL WOODCUTTERS.—The Indian police came in yesterday morning with an American named Hill, and Gonzalez and Lopez, two Mexicans, who had been caught cutting wood on the reservation. The police turned the prisoners over to Deputy United States Marshal J. A. Porter. They will be given an examination before Commissioner Crenshaw this morning.

A DOUBLE SURPRISE PARTY.—The members of Garden Valley lodge No. 1, I. O. G. T., gathered at the hall last evening and went in a body to the residence of Frank Emerson, one of their members, who lives in University addition. It was the anniversary of his birthday and a most pleasant evening was spent in its commemoration. An interesting feature was the conduct of A. P. Walbridge, whose qualifications for a successful bookkeeper were described at length in yesterday's issue. Mr. Walbridge was at the last lodge meeting when the conspiracy against Mr. Emerson was

hatched, he being absent. Mr. Walbridge knew all the time that December 27 was his birthday, too, but he kept quiet and saved wood. Last night he put on a clean collar, went over to Mr. Emerson's and got himself surprised at the same time.

SANDBAGGED FOR \$200.—An Italian milkman from Tempe by the name of Bertramini was robbed of \$200 in the block the other night, having been lulled to sleep by a sandbag. He thinks he knows the names of his assailants, but he is afraid that he might not be able to prove their guilt, but only excite their ill feeling. The authorities believe they are the same persons who assaulted and badly beat a Chinaman a few nights ago.

TO IMPROVE THE MUSIC.—Arrangements are almost perfected for the engagement of an accomplished choir of the Christian church. The first rehearsal under the new order will take place on tomorrow night at half past seven o'clock, instead of tonight, as announced. Hereafter Saturday night will be devoted to this work. It is expected that this special training of the chorus choir, supplemented by the selections by the male quartette, will make the music of this church equal to that in the other churches of the city.

HE HAD EARNED IT.—H. B. St. Claire received a beautiful leather medal for a Christmas present and inside of it was a lead half dollar. The gift was a token of respect and esteem from the employees of the H. H. McNeill company and must have cost 10 or 15 cents. A story, of course, always goes with a leather medal. During the holiday rush Mr. St. Claire took in the counterfeitchief dollar on a business transaction and the employees of the firm came to the conclusion that such zealous efforts to dispose of goods should be suitably rewarded.

MORE OIL COMPANIES.—Articles of incorporation of the Arroyo Seco Oil and Development company were filed in the office of the county recorder yesterday. The incorporators are J. F. Morgan, Charles Meyer and H. B. Earle. The capital stock is \$500,000. Articles were also filed of the Paraiso Oil company, whose incorporators are Gustav A. Frost, John Deiling, T. H. Horn, D. Stoltz, S. M. Webb, F. G. Thode, S. S. Simon, Charles Golsky, J. B. Olsen and Otto Schinkel. The capital stock is \$500,000. There were filed articles, too, of the Palo Alto Oil company with a capital stock of \$180,000. The incorporators are John Duffield, R. S. Downer, E. O. Webb, J. C. Franklin, J. G. Smith, E. A. Heitinger and O. W. Dunn.

THE ROARKE ESTATE.—A petition was filed in probate court yesterday for the appointment of R. W. Baxter administrator of the estate of James Roark. The petition is signed by Mr. Baxter himself and by other heirs of the estate. There is going to be a contest, for there is already on file a petition for the appointment of Captain George D. Christy. This petition is also signed by several heirs of the estate. During the nearly four years the estate has been in probate court there has been so much bitter and even sensational litigation that the heirs now are at sword's point and without hope of a peaceful adjustment of the affairs of the estate. The hearing of these petitions will take place on January 8. An inventory and appraisal was filed in the estate of Jeremiah Malcolin.
